

COMPLETION OF UMATILLA TRIBAL HEADQUARTERS PROJECT

Dateline: December 18, 2009

Reliable Security is proud to announce the completion of the Umatilla tribal headquarters building near Pendleton, Oregon. This building solidifies all government facilities for the Cayuse, Umatilla and Walla Walla people in a central location. This was a diversified project, with Reliable responsible for all security and audio/visual systems.

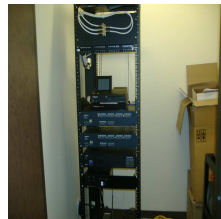

The security system is 100% IP based system utilizing Indigo Vision's IP camera system and Maxxess access control. The Indigo system records into the Indigo NVR's and the Maxxess utilizes the IP addressable HID edge readers. The system also incorporates an IDS panel from Bosch along with panics and a complete passive IDS system.

Building Entrance

Council Chambers

Vendors

The audio visual system is based on Ashly products to control multiple sound input areas as well as the tribal council chamber areas. There are also two courtrooms in the facility and numerous conference rooms that all employ Ashly products and Da-Lite roll down screens.

Reliable Security is pleased to be associated with JE Dunn and the Confederated Tribes of the Umatilla Indian Reservation.
